Education

Computer Engineering B.S., Eastern Mediterranean University (EMU)

February 2019 — Present

- Current CGPA: 3.21

Mutiara International Grammar School (MIGS)

October 2016 — October 2018

- Graduated with IGCSE certificates

Awards and Honors

University Awards

- Certified 4x as a High Honour student.
- Certified 1x as an Honour student.

High School Awards

- Senior School Inter-House Debate Appreciation Award - IT Support Team Leader
- Senior School Talent show Appreciation Award - IT Support Team Member

Work Experince

YallaTravel - Airlines Reservation System

March 2022 — June 2022

Airlines Reservation System gathers real-time flights through a RESTful API from a global distribution system (GDS) and displays the cheapest and best flights available.

RFID tag auto-checkout shopping cart

April 2021

- Helped in coding the back-end and front-end of an application using Python and SQL as a database. The project focused on creating a Shopping cart that has a built-in checkout system using RFID tags sensors.

Python emails and passwords encryption

July 2020

- Created a terminal-based Python application that manages emails and passwords with Sha256 encryption, as well as, access IP & name recorder. All data is encrypted and stored in a Mysql database.

Excel registrar - PYTHON

December 2020

- Coded a python application, that enters data into a spreadsheet (or multiple), and repeats entry to all rows within set criteria.

Client-Server Communication

May 2022

Implemented using C#, two terminals (endpoints) one serves as the client and the other as the server. From which, each endpoint can send and receive messages to the other endpoint over a dedicated IP address.

Accomplishment

Robotics, Kuala Lumpur, Malaysia

2018

- Participated in the development and programming of simple-functions robots.

High School Talent Show

2019

- Lead a team of 4 to manage the technical side of the talent show project at Mutiara International Grammar School.

Inter-House Debate

2019

- Lead a team of 5 to manage the technical side of an Inter-House Debate event at Mutiara International Grammar School.
